The association AYPT – Österreichische Physikmeisterschaft,
Montanuniversität Leoben and Europagymnasium Leoben
cordially invite you to the

29th Austrian Young Physicists' Tournament

More information: aypt.at

What is the AYPT?

In the months before the tournament in April, teams of students work on open questions in physics. At the tournament they compete: they present their own solution, challenge the solutions of others and defend them in discussion before a panel of experts.

When	Friday, April 2, to Sunday, April 4, 2027
Where	Montanuniversität Leoben, Franz-Josef-Straße 18, 8700 Leoben, Austria
Who	Teams of three students and one team leader. The tournament is aimed at upper secondary level; younger students are welcome as well
Language	Presentations and discussions are held in English
Requirement	One prepared *problem* per person, ready to be presented – it does not have to be solved perfectly
Problems	The 17 official *problems* for 2027: iypt.org/iypt-2027-problems
Registration	By e-mail to info@aypt.at by February 2, 2027
Registration fee	EUR 1,200 per guest team – including accommodation and meals for the whole team and its team leader (two nights)

International guest teams. Please read the "Policy Regarding the Participation of International Teams in the AYPT" at aypt.at/uploads/PolicyForeignTeams.pdf before you register.

Places are limited. Guest teams should register before the deadline; the Executive Committee decides on their participation shortly afterwards, depending on the places available. Registration fees cannot be refunded. Questions of any kind are welcome at info@aypt.at.

For the Organising Committee
Jonathan Costa

President of the AYPT
Marianne Korner
